

QuikBinder™

A Ratchet Binder Like No Other

This premium patented ratchet binder is unlike any other binder available on the market today. The QuikBinder™ offers higher working load limits than standard ratchet load binders, and is designed for use with either Grade 70 Transport or Grade 80 Alloy tie-down chains.

The QuikBinder™ is also easier to install than standard ratchet load binders. The 3-position pawl offers the user a choice of ratchet extension, ratchet take-up or a "free spin" setting for fast adjustment in either direction. A load can be secured in half the time. It is available in three sizes and features a vinyl coated barrel for a strong, comfortable grip.

The folding handle makes the QuikBinder™ safer (no handle sticking out) and more convenient to use. Simply fold the handle down and secure the load with a QuikBinder Lock. Safer, higher performing, and more durable than standard ratchet binders.

Folding Handle
